- - Chloe has a great teaching style which is really easy to engage with
- - Classes feel refreshing and build on lecture content
- - Chloe has made this module extremely enjoyable
- - I enjoy her referencing the work that she is working on/other academics at LSE in this field
- Chloe is lively and great at explaining concepts! Really enjoyed her classes
- Chloe is super passionate about teaching and it shows clearly during her classes. She prepares well in advance and answers any doubts that we may have concisely and accurately.
- Communicated concepts clearly e.g definitions and main equations we need to know.  
Diagrams were drawn very clearly, I'm not the best at drawing them but I could still take a picture and label it.  
Really nice person who created an environment where we could ask questions, this was my most interactive class since I've been at LSE so I'm happy I got such an experience.  
Sometimes we get a link to a real world example or a paper related to the content that we can look at if interested.
- Concepts were well explained, teaching was engaging and overall classes made the course more enjoyable. GIVE HER A RAISE!!!!!!  
BEST TEACHING <3
- Explains really well and asks everyone lots of questions to keep everyone engaged
- Explanations in class were very clear, making the course very easily comprehensible
- I have nothing negative to say about Chloe's teaching as she has been one of the best teachers I have had in LSE so far. Her

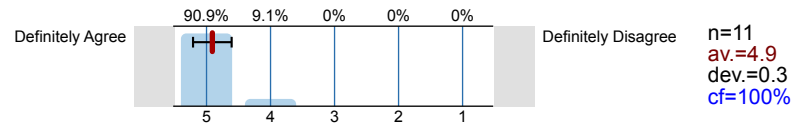

explanations were always very straightforward and clearly highlighted the main concepts of each lecture. She has always made herself available to answer my questions, both in class or through email. She made public Econ a very exciting subject to study throughout the year, always with a lovely touch of humour!  
Overall a big thank you !

- loved how she doesn't hesitate to answer any questions, making me feel comfortable in understanding the module well.
- The teacher goes through the questions in detail.
